Abuna Selama,

The Spirit brought me to St Mariam Cathedral to witness the raising of the Holy Cross in prayer and thanksgiving. Today the Georgia Composite Medical Board met to discuss "the medicine" placed on the agenda through this ministry.

After the prayer service today, the Lord Jesus the Anointed brought me to place the envelope in Abune Yaekobe's mailbox inviting that Office to participate in the revealing of this healing medicine.

Then, I was brought here to continue those prayers to ask for His blessings upon you and the congregation here at Sarat Gabriel Ethiopian Tewahedo Church

The central Cross was brought down to fix water leak. This note was presented as witness and returned, "you tell," the bishop said
